Dear Sir:

This correspondence is responsive to the Restriction Requirement mailed August 29, 2006, for the above-referenced case. Applicant elects the claims of Group I, namely claims 1-25, drawn to a fuselage, classified in class 244, subclass 119. Applicant further elects to prosecute the species 5.A.b., which is drawn to a pressure recovery drop substantially perpendicular to the direction of fluid flow, if no generic claims are otherwise deemed allowable. Applicant makes this election without traverse. Should there be any further questions regarding this election, the Examiner is respectfully requested to contact the undersigned.
